BRITISH DESTROYER VIOLATES NEUTRALITY LAW

Stops and Searches American Ship Inside the Three Mile Limit SUPINE POLICY OF DEMOCRATS INVITES OPEN INSULT TO FLAG MILE AND A HALF OFF SHORE

(By Associated Press.)
WASHINGTON, Sept. 12.—Violation of American neutrality by a British torpedo boat in holding up and examining the Philippine steamer Cebu within the territorial waters of the Philippines is reported to the War department by Gov. Gen. Harrison. A dispatch was immediately transmitted by the State department which made the seizure a subject of vigorous protest to Great Britain.

The incident occurred one mile and a half off Carabao island. According to the report of the steamer's master, Lieut. Bales, commanding British destroyer No. 2, boarded the Cebu, made inquiries about the passengers and took the ship's manifest and passenger list. The boarding crew was apparently searching for a man named Bady, who was not found. On releasing the Cebu, Lieut. Bales made a note in the log "Boarded 3:50 a. m., 9-11-16, examined and passed."

SPAIN MAY DECLARE FOR THE WAR GAME

Former Premier Stands for Neutrality But Expresses Favor for France and England

(By Associated Press.)
PARIS, Sept. 12.—Spain must decide in favor of one or the other groups of belligerents, in the opinion of Antonio Mauri, former premier and leader of the Conservative party, according to dispatches quoting his address, which declared Spain should not abandon neutrality, but conditions of war made isolation henceforth impossible. Mauri is quoted as saying, moreover, that it is essential that France and England should not be hostile towards Spain.

SAILORS OVERCOME ON THE BEAVER

(By Associated Press.)
SAN FRANCISCO, Sept. 12.—A fire which broke out in a shipment of excelsior in the after cargo hold of the steamer Beaver, bound from Portland to San Francisco, when off the Mendocino coast yesterday, was smothered under battened hatches while the vessel raced to this port. When the hold was opened at the dock, 13 hours later, smoke poured out and four sailors were overcome by smoke while trying to reach the blaze. Last night the flames were brought under control. Officials of the San Francisco and Portland Steamship company, owners of the vessel, said the loss might reach \$50,000 and was confined to the cargo. There was no panic among the 153 passengers. Smoke seeping through the staterooms aroused many who were asleep and brought all on deck. They were told to make ready to leave the ship, should it be necessary, and the lifeboats were uncovered. Later, when immediate danger was passed, coffee was served the passengers on deck.

MILITARY SECRETS IN MAIL SEIZURES

(By Associated Press.)
WASHINGTON, Sept. 12.—A declaration by Secy. Lansing that he considered information secured by censors from the mails should be used only for military purposes, was believed to forecast injection of that issue into the negotiations with Great Britain over mail seizures. While no inquiry has been sent regarding the statement in Parliament of David Lloyd George, the British war minister, that information gleaned by the censors properly could be put to "any public or national use," Mr. Lansing said he had read the war secretary's speech and that the matter might become a subject of diplomatic negotiations.

GREECE AT MERCY OF THE ALLIES

(By Associated Press.)
ATHENS, Sept. 12.—"If the entente and anti-Venizeloi factions can only keep quiet for 10 days and not embroil the situation, Greece's entry into the war will be a settled fact," said a prominent Greek official to the Associated Press today. "If not, it is the end of Greece."

MAINE STANDS FIRM FOR THE OLD PARTY

Two Republican Senators and Four Congressmen Returned as Protest Against Wilson

(By Associated Press.)
PORTLAND, Me., Sept. 12.—The result of the election is a tremendous victory for the Republican party and the Democrats are correspondingly depressed. The latter contended they would have a walkover, whereas it appears the prestige of the Republicans is restored by majorities ranging up to 13,800. From the opening of the polls until they closed there was not the slightest doubt of the outcome and the compilers of the returns applied themselves to estimating the majorities. The complete returns follow:

For United States senator—Fredrick Hale, Republican, 78,005; Bert M. Fernald, Republican, 79,368; Chas. F. Johnson, Democrat, 68,273; Kenneth C. M. Sills, dean of Bowdoin college, Democrat, 66,332.

For congressmen—Louis B. Goodall, Republican, 29,732; Lamont A. Stevens, Democrat, 16,103; Wallace H. White, Jr., Republican, 18,137; Daniel J. McGillicuddy, Democrat, 18,770; John A. Peters, Republican, 21,820; John E. Bunker, Democrat, 18,277; Ira Hersey, Republican, 15,086; Leonard A. Pierce, Democrat, 11,013.

(By Associated Press.)
WASHINGTON, Sept. 12.—Commenting on the Maine elections, Secy. Daniels claimed the result was a Democratic victory on national issues, as he considered the Progressives voted with the Democrats. "There is nothing discouraging about the result," he said. "Maine ought to have 50,000 Republican majority. Instead we cut it down to 15,000. The result is a Democratic victory."

After a night of rioting motormen on the Sixth and Ninth avenue elevated reported they had been fired on from roofs. Four arrests were made. One woman was injured when rioters bombarded cars with bricks.

None of the sister ships of the Deutschland has been completed yet, according to the statement of Philip Heineken, director of the company. When asked when the Bremen is expected to reach the United States, he said: "Only the gods know." He refused to discuss the matter further.

ALLIES IN BULGARIA IN A FIERCE DRIVE

French and British Co-Operating In a Furious Attack, Landing Them Across the Struma

(By Associated Press.)
PARIS, Sept. 12.—French troops on the Macedonian front have taken the offensive against the Bulgarians and captured positions of their opponents on a front two miles in depth by 800 yards.

Whether this offensive by the British means the beginning of an attempt at a drive through Bulgaria or is merely a maneuver to throw the British line near Kavala, which is about 35 miles east of Neofori, has not yet been made apparent. From the west of the Vardar river to Lake Doiran the French are violently boarding Bulgarian positions, and on the front held by the Serbians the Bulgarians have been compelled to withdraw.

(By Associated Press.)
LONDON, Sept. 12.—The Exchange Telegraph says: "The new offensive of the entente allies on the Macedonian front has resulted in defeat of the Bulgarians, who sustained enormous losses in a battle lasting 36 hours, ending in beating a retreat pursued by the allies."

In the Rumanian theater the Austrians are in retreat before the Rumanians in the Maros and Toplitz valleys, while on the south of Hermannstadt the Rumanians have occupied the village of Hellmar. Vienna admits a further withdrawal of the Austrian forces near Gyregyo.

After hard fighting the British threw their forces across the Struma at Neofori, at the southern end of Lake Takinos, which lies between Seres and Orfano, and at several other places near the lake. In addition, four villages were captured and held notwithstanding heavy counter attacks by the Teutonic allies.

King and Kaiser Confer On Plans For Balkan Campaign

(By Associated Press.)
BERLIN, Sept. 12.—The visit of King Ferdinand of Bulgaria, to the German emperor at eastern headquarters is being made the occasion of an important conference on the near eastern situation, particularly in the Balkans. King Ferdinand is accompanied by the chief of his cabinet, while the imperial German chancellor, Dr. Von Bethmann-Hollweg, is in attendance on the German emperor as his responsible political advisor.

While apparently there is no inclination to divide the lion's skin before the animal is killed, it is considered advisable and timely in view of Rumania's entry into the war and the Greek attitude, to discuss certain questions of general policy and the aims of the Teutonic allies in the near east.

(By Associated Press.)
QUEBEC, Sept. 12.—With the loss of 11 lives yesterday the second attempt to bridge the St. Lawrence river here resulted in a failure when the massive center span, weighing 5100 tons, suddenly collapsed and fell into the river. Of the 90 men caught on the span when it began to sway all were rescued except the 11, and of these only 4 bodies have been found.
